

FIMVO'S AUTUMNAL NEWSLETTER IS HERE

FiMVO team is finally fully back in business and we are excited for this Autumn!

On this newsletter we would like to talk about

- MAH Training on September 20th at 10 CET
- Verification Basics for MAHs on October 27th at 10 CET
- EMVO LoA: Small Markets (Brexit) FAQ
- Batch data not uploaded in NMVS - lessons learned

WELCOME TO MAH TRAINING ON SEPTEMBER 20TH

We invite you to FiMVO's MAH Training event (previously "Info Meeting for MAHs") on **September 20th, at 10:00 CET (11:00 Finnish time)** to discuss current topics such as next year's invoicing, contract matters and alert status. In addition, we will share some useful tips. We hope to get a lot of questions from you in advance of the event - you can ask them when registering.

NEW TO MEDICINES VERIFICATION? JOIN OUR TRAINING

“VERIFICATION BASICS FOR MAHS” ON OCTOBER 27TH

We welcome you to our new training event Verification Basics for MAHs on **October 27th at 10 CET** (11.00 Finnish time). In this training we will cover all the basics you need to know about medicines verification as an MAH. [If you're new to medicines verification or want to refresh your knowledge, this training is for you!](#) We would love for you to send us questions or topic suggestions beforehand.

As a special guest speaker, we have **Paul Mills**, who will guide you through the ABC of medicines verification.

EMVO LOA: SMALL MARKETS (BREXIT) FAQ

EMVO's FAQ section of their website has been extended with a new category to cover the topic of Small Markets (Brexit). It aims to answer most common questions related to the impact on small markets following Brexit and can be accessed under the *Knowledge Database -> FAQ -> Small Markets (Brexit)*.

If you have any further questions about which types of licenses apply in NI, whether FMD safety features should be applied or pack data is to be loaded into the UKNI MVS, please contact the UK NCA at FMD.GMPenquiries@mhra.gov.uk.

BATCH DATA NOT UPLOADED IN NMVS - LESSONS LEARNED

We would like to highlight the importance of ensuring that batch data has been successfully uploaded in the NMVS prior to releasing the batch for distribution. Failure to do so is a violation of the Delegated Regulation (EU) 2016/161, Art. 33, and may cause harm to patients as it may lead to delays in them receiving their prescribed medications.
