

## **Fimvo – Counterforce against falsified medicines**

### **Fimvo's office open all summer – Inform us about company changes without delay**

We've made sure there's always someone at the office during summer. Please send system and alert related questions to [nmvs@fimvo.fi](mailto:nmvs@fimvo.fi) and contracting and invoicing questions to [info@fimvo.fi](mailto:info@fimvo.fi).

Thanks for understanding that there might be a delay in getting back to you because of the holiday season.

### **Pharmaca's medicines verification notifications have ended**

Pharmaceutical companies have been submitting medicines verification notifications since 2019. These notifications supported the implementation of the medicines verification system in Finland. Today, practically all packs covered by the Falsified Medicines Directive and the Delegated Regulation are subject to verification.

Therefore, the submission of medicines verification notifications ended on **May 31, 2025**.

As before, it is important to continue reporting new and changed product codes to the Vnr database to ensure smooth medicine distribution.

## Save the Date for the next EMVO's FMD Workshop

EMVO's next FMD Workshop will take place on 21 October 2025, it will be a hybrid workshop - you can join live in Brussels or online! The workshop will include interactive sessions, lively discussions and a chance to network.

Follow EMVO's social media to get informed when the registration opens.

## News

### Deployment of the EU Hub Release 1.17 and downtime in the EU Hub production environment on Saturday, June 28th, 2025

**There is a downtime window starting at approx. 09:00 CEST on 28th June and ending at approx. 23:00 CEST on 28th June in the production environment of the European central repository (EU Hub) due to the deployment of the EU Hub Release 1.17.**

OBPs may experience problems concerning e.g. the upload of product master data and product pack data. Finnish end users may experience problems when verifying and decommissioning packs belonging to batches for which the data has not been uploaded in FiMVS.

OBPs can contact EMVO Helpdesk for more information if needed: [helpdesk@emvo-medicines.eu](mailto:helpdesk@emvo-medicines.eu).

We apologise for any inconvenience caused.

### The latest, Q2/2025, edition of the EMVS Community Newsletter

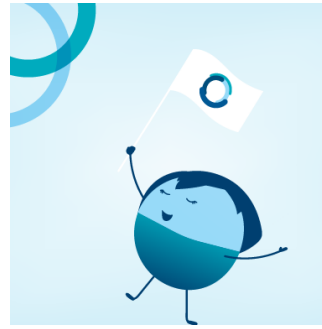

EMVO has published a new EMVS Community Newsletter with the topic of the importance of data quality and why it's critical for the success of the European Medicines Verification System (EMVS) and key highlights from EMVO's General Assembly and the recent FMD Workshop, both held in May. You'll also hear from the General Managers from the Hellenic Medicines Verification Organisation (HMVO) and NMVO Italy who share insights into their onboarding journey with the EMVS Community.
